

Fat Boys Wanted

Fat Boy (Beam >200mm) IOM Racing will be held on a regular basis at Wattle Farm on the 1st Wednesday of the month from 10.00 am until 12.30 pm commencing on Wednesday 5th August.

When daylight saving kicks in this may move to late afternoon if there is enough interest.

Skinny boats welcome but the main objective is to get the Fat Boys out of the closet.

Fat Boy Challenge

Most IOM sailors are aware of the results of the Fat Boy regatta in June.

Bill Bradley, sailing a Cockatoo named 'Blue', was presented with the Fat Boy trophy and subsequently named 'Top Cock'.

This is now the challenge to all Fat Boy owners – come and have a go at knocking **Big Bad Bill Bradley's Blue Budgie** off its perch. Together we can do this (No pressure Bill).

Known as the **6Bs Challenge**, this is to be raced in the traditional spirit of Classic / Fat Boy racing – friendly competition, fair play and great camaraderie.

The format will be :-

4 x Scratch Races (1 Drop)

Followed by

4 x Mark Foy Races (1 drop)

This gives every Fat Boy a chance regardless of age.

Looking forward to a great turnout on 5th August.

Ross McClew
