

Updates and News

14 March 2025

Oceania 25 Gets the Green Light.

The Notice of Race, Entry Form and Allocation Process documents have been approved by IOM ICA and IRSA. The three documents are live on the Oceania 25 Website.

Notice of Race

If you are thinking of entering, it is very important that you read the Notice of Race. There are clauses unique to Oceania 25 as a Continental Championship controlled by the IOM Class Championship Regulations.

How to Enter

Anyone interested in entering can download the entry form now, print it, fill in the competitor section and photograph the whole form. Email the jpg to the NCA Secretary Chris Harmer: ec12nz@outlook.com

Your NCA will validate each entry and add it to the NZL list. Places will be confirmed before 4 May 2025.

Allocation Process

The notes below sum up the process from NZL's point of view. The IOM Class Championship Entry Regulations have been modified to allow for Oceania having only two nations, compared with Europe for example with twenty.

Stage One makes room for 20 places from the highest ranked NZL entries on the NZL NCA's list.

Depending on demand from Non-Continental Nations, **Stage Two** allows up to 7 more places from NZL.

Stage Three fills the remaining places, up to 72 from the Non-Continental lists and the two Continental lists.

Stage Four allows for the identification of reserves from all NCA lists if the 72 places are filled.

Ranking Data

Should NZL entries become oversubscribed the NZL IOM NCA will use the NZL ranking data from 1 May 2024 to 29 April 2025 for Oceania 25 entry ranking purposes. This allows a good range of NZL Regional, Island and National Championships with record entries over the period. ARYA will use the same window for AUS ranking.

Payment of the Entry Fee

Entry fees will become due shortly after your place has been confirmed. Instructions for the payment of the fee will be provided with your confirmation.

Let's Go New Zealand
